Subject — Re the grant of a sum of Rs 4,000/- for the metalling of the out-skirt Road in Mandya Town

-O-

In forwarding herewith a copy of letter No O C 20/38-39 dated 13th September 1941 together with a copy of its enclosure received from the President, Municipal Council andya on the above subject, I have the honor to state as follows -

There are only two main roads for vehicular traffic within the Mandya Municipal Limits - one is the New Madras - Cannanore Road and the other, the old road running right in the heart of the old Town The latter road was being greatly availed of for the heavy sugar-cane traffic much to the inconvenience and annoyance of the pedastrians and the residents of the petta The formation of a new road on the outskirts of the town to deviate this traffic was therefore found to be an absolute necessity and the Municipal Couhcil have taken up this work at an estimated cost of Rs 11,980/- on the kind assurance of the Mysore Sugar Company to meet 1/3 of the cost of the

road on pay a sum not exceeding Rs 4,000/- provided the Government contributed a like-sum

The outlay incurred so far by the Mandya Municipality in the formation of the road is Rs 3977/- I have inspected this road and unless metalling work is completed immediately the road formed at a considerable cost would get scoured by rains and destroyed

In view of the foregoing facts I strongly recommend that a Government Grant of Rs 4,000/- may kindly be sanctioned for this work so that the contribution from the Mysore Sugar Company might be secured and the work completed

I have the honor to be,
Sir,
Your most obedient servant,

Letter No O C 20/38-39 dated 13-9-1941 from the President, Town Municipal Council Mandya, to the Deputy Commissioner, Mandya

-O-

In continuation of this office letter of Even No dated 8-9-1941, re the formation of the outskirt road in the old town for the cane traffic I have the honor to forward herewith a copy of the letter No A 5 2263 dated 10/11-9-41 from the Secy Sugar Co , Bangalore in the matter of paying one-third quota of the Sugar Company The Secretary states that the Board of Directors have sanctioned Rs 4000/- subject to the Municipal Council getting an equal grant from Government and that the amount would be paid after intimation of the receipt of the amount from Government

In this connection I wish to state that an estimate for Rs 12000/- for the formation of the road was prepared and the Municipality has spent nearly Rs 4000/- towards the formation of the earthern road and construction of culverts The only work that is remaining to be done is the metalling of the road

As the Secretary Mysore Sugar Co , has intimated that their quota would only be paid after intimation of the receipt of the Government Grant I request you to make a strong recommendation to Government for sanctioning Rs 4000/- out of the Town Improvement Grant during the current year, very early as the road requires urgent metalling to be made fit for heavy cane traffic
